

Christmas rush?

We know that December is the busiest month for all producers, but don't forget to register your new releases with NCB before they hit the shops.

In future all late registrations are subject to a fee of DKK 500.00 per hour (or part of an hour) to cover registration work.

Please remember that you can register your releases on the Internet by using NCB's web application **Webcover**. If you are not using this application yet or if you have any questions related to Webcover, you should contact NCB (Bibi Övermyr – mail: boe@ncb.dk).

If you are a film distributor it is not enough to send a Christmas card to NCB – we also hope to receive your **music cue sheets**.

We hope that your Christmas sales will reach new records this year!

Merry Christmas & Happy New Year

Do you know that ...

- © the large US record company, Atlantic Records, recently announced that half of their music sales in the USA are now digital sales over the Internet.
- © in spite of the TDC Play agreement and an overall increase in online sales, approx. 85% of all NCB collections in Denmark come from physical media (CD/DVD).
- © NCB now distribute royalties from online sales four times a year to rights owners.
- © In 2008 40-year old Karsten Dyhrberg Nielsen joined NCB as new Managing Director. Karsten has already been elected as a board member of BIEM (BIEM = the internationale association of "NCB societies).
